Did you know your club was this well organised? The vast majority of all this effort is voluntary. If you want to help make the club tick, have fun in the process and enjoy the companionship of your club members then see one of the names above. You can take responsibility for something or just carry out odd tasks as and when needed. There is a role for everyone. The more volunteers we have, the better and more successful the club.

Jeff Lawson. Hon Sec 26th November 2009
